* The tables of organization do not call for the inclusion of the training battalion and the mobile repair brigade. As a result the division had a total of 13,104 men: 1,279 officers, 11,825 enlisted men and non-commissioned officers.

** As of Summer 1940, there was as yet no anti-aircraft regiment and I cannot, therefore, describe its equipment, although its organization had been approved shortly before.

*** Based on the "Verner" stove; the mobile field stove PRP-55 is no longer used.

**** Every soldier and sergeant, regardless of the type of troops, is issued a FPSH submachine gun and every officer a Tokarev pistol.
